Negotiating Group on Trade Facilitation

Original: English

COMMUNICATION FROM THE SEPARATE CUSTOMS TERRITORY OF TAIWAN, PENGHU, KINMEN AND MATSU

The following communication, dated 21 July 2006, is being circulated at the request of the Delegation of the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu.

ESTABLISHING A COMMITTEE ON TRADE FACILITATION

I. INTRODUCTION

1. This text-based proposal is based on the former proposals submitted by Chinese Taipei (TN/TF/W/62; 19 September 2005 and TN/TF/W/118; 7 June 2006), on "establishing a long-term mechanism on trade facilitation matters", and "institutional matters related to Trade Facilitation". Please note that this proposal is intended to serve as a basis for Members' further consideration.

2. Trade Facilitation is a long-term process. As international economic environments change, Trade Facilitation measures will need to be revised accordingly in order to achieve the same goals in the future. When it comes to the implementation phase, Members will definitely face difficult issues and challenges, such as the use of international standards, the application of risk management techniques, and the provision of technical assistance and capacity building. We believe these challenges are crucial to the success of this negotiation. Therefore, we propose to establish a committee to deal with these issues as well as others that may arise in the future.
