

COMMUNICATION FROM THE UNITED STATES

Revision

The following communication, dated 16 July 2007, is being circulated at the request of the Delegation of the United States.

REVISED DRAFT TEXT ON EXPEDITED SHIPMENTS

1. In previous communications (TN/TF/W/15, 4 February 2005; TN/TF/W/91, 5 April 2006; and TN/TF/W/144, 21 May 2007) the United States submitted a proposal to "provide specific expedited procedures for expedited shipments". The following revised draft text, aimed at reflecting the comments and concerns expressed by Members during the 7-8 June 2007 NGTF meeting, is submitted for renewed consideration by the Negotiating Group.

Textual Proposal:

Customs Procedures for Expedited Shipments

2. Each Member shall adopt or maintain separate customs procedures for expedited shipments while maintaining customs control and selection. These procedures shall:

- (a) allow for the submission and processing, including through electronic means, of information necessary for the release of an expedited shipment prior to the arrival of the expedited shipment;
- (b) allow for the submission and processing, including through electronic means, of a single manifest covering all goods contained in an expedited shipment;
- (c) to the extent possible, provide for the release of expedited shipments based on the manifest;
- (d) provide for expedited shipments to be released within 1 hour after the necessary customs documents have been submitted, provided the shipment has arrived;
- (e) apply without regard to weight or customs value;
- (f) allow for the release of expedited shipments before and without prejudice to the final determination of the applicable customs duties, taxes, and fees owed, if, where so required, the importer provides sufficient guarantee in the form of a surety, a deposit,

or some other appropriate instrument, covering the ultimate payment of the customs duties, taxes, and fees in connection with the importation of the expedited shipment; and

- (g) provide that no customs duties or taxes will be assessed on an expedited shipment valued at US\$200 or less.

3. A Member may require that an expedited shipment provider shall, as a condition for the application of the procedures described in paragraph 1 to its expedited shipments:

- (a) provide adequate infrastructure to allow for the processing of the expedited shipment;
- (b) submit specified manifest information in advance of the arrival of an expedited shipment; and
- (c) be assessed fees limited in amount to the approximate cost of services rendered in providing the separate customs procedures in paragraph 1.

4. Nothing in these provisions shall prevent a Member from obtaining additional information, conducting screenings, or examining goods, where necessary to maintain appropriate border control, including through the use of systems that distinguish between low-risk and high-risk goods.
